PROFESSIONAL SUMMARY

Highly motivated and skilled recent graduate with a strong foundation in Software Testing. Proficient in Automation Testing using JAVA Selenium, as well as Manual Testing. Possesses keen attention to detail with a collaborative team-player mindset. Excited to utilize hands-on experience to contribute effectively to a dynamic work environment to secure a challenging and responsible position in the Software Testing Field.

SKILLS & COURSES

- Automation
- Selenium (Java)
- TestNG Framework
- SQL Queries
- Manual Testing
- Functional Testing
- Regression Testing

- Smoke Testing
- Acceptance Testing
- Exploratory Testing
- Compatibility Testing
- CI / CD
- Defect Tracking
- Defect Reporting

- Test Planning
- Test Case Writing
- Traceability Matrix
- Test Result Analysis
- Test Execution
- Adaptable
- Committed

- Result Oriented
- Attention to Details
- Cypress
- Conceptualized
- Envisioned
- Analytical Skills
- Collaborated

SKILL SUMMARY

- Proficient in comprehending and analysing software requirements.
- Knowledgeable in Software Development Life Cycle (SDLC), Software Testing Life Cycle (STLC), and various SDLC models, including Agile.
- Hands on Experience with TestNG Framework for Test Process Automation.
- Well versed in performing Suite Execution, Batch Execution, Group Execution, Parallel Execution, Cross Browser Testing in TestNG.
- Hands on Experience in performing Functional Testing, Regression Testing, Smoke Testing, End-To-End Testing for Automation Testing using TestNG.
- Knowledge of HTML and CSS for better understanding of Document Object Model and their functionalities for locating elements.
- Proficient in effectively locating Web Elements using WebDriver and Web Elements through locators for seamless automation process.
- Hands on Experience in performing actions on Web Elements using Action Class and Select class on target web element.
- Command in handling Frames, Alert, Active Elements, Windows, and Auto-Suggestions for testing webpage.
- Fluency in Data Driven Testing using Excel and Properties file.
- Proficient in writing Industry standard Optimised Automation Test Script.
- Proficient in writing Test Scenarios and Test Cases as per requirement specifications.
- Expertise in creating Test Matrix, Test Execution, Test Levels, Test Types, Test Design Techniques and Test Planning.
- Expertise in Regression Testing, Functionality Testing, Integration Testing and more for Manual Testing.
- Hands on Experience in Defect Reporting, Defect Tracking, and complete Defect Life cycle.
- Knowledge of API testing using Postman and FireFlink for basic methods.
- Familiar with Java programming Fundamentals, Libraries, Exception Handling, File Handling for enhancing Test Cases.
- Proficient in basic Continuous Integration/Continuous Deployment (CI/CD) principles, with experience in version control systems and basic pipeline configuration.
- Competent in Relational Database Management Systems(R-DBMS) using Oracle SQL.
- Proficient in writing and Execute SQL Statements and Queries to fetch data from database.
- Good interpersonal skills, result-oriented, hard-working with a quest and zeal to learn new technologies.

CERTIFICATES

Certified Software Tester   **07/2023 – 08/2024**
Q-Spiders, Bangalore

AWARDS

Crowd Beta Testing   **22/09/2023**
FIREFLINK CROWD

EDUCATION & EXPERIENCE

B-Tech   **08/2020 - 07/2023**
Mechanical Engineering.

Centum Electronics Pvt Ltd.   **07/2019 - 08/2020**
Quality Assurance Executive
